#### **COMMENT NO. 1**

I appreciate the notice mailed to my home regarding the Hyatt Place Project. It sounds like a great redevelopment project, but one that needs not to be built because of the increase in traffic, noise, pollution, water usage, electrical and other problems related to building more high rise buildings in down town.

#### **RESPONSE NO. 1**

The commentor's opinion that the Hyatt Place Project is "a great redevelopment project" is acknowledged and will be forwarded to the decision-makers for review and consideration.

The Draft Initial Study/Mitigated Negative Declaration includes an analysis of the Project's impacts relative to traffic, noise, air pollution, water, energy, and aesthetics (i.e., building heights). As concluded therein, impacts would be less than significant with incorporation of mitigation measures.

#### **COMMENT NO. 2**

Glendale is not New York, city and if we continue building are residents will pay the price for this urban growth which is not conducive to our lives. Because of this I am requesting that your department and city council cease building and instead instigate a city moratorium on any further building complexes within down town. I would advise to use the unused buildings now vacant because of the economic meltdown instead.

#### **RESPONSE NO. 2**

This comment is acknowledged and will be forwarded to the decision-makers for review and consideration.

# LETTER NO. 1

**From:** MIKE GOMEZ [mailto:mg\_91203@yahoo.com]

**To:** Castillo, Allen

**Cc:** Barry Allen

**Subject:** Stop the Hyatt Place Project

Dear Allen Castillo,

I appreciate the notice mailed to my home regarding the Hyatt Place Project. It sounds like a great redevelopment project, but one that needs not to be built because of the increase in traffic, noise, pollution, water usage, electrical and other problems related to building more high rise buildings in down town.

Glendale is not New York, city and if we continue building are residents will pay the price for this urban growth which is not conducive to our lives. Because of this I am requesting that your department and city council cease building and instead instigate a city moratorium on any further building complexes within down town. I would advise to use the unused buildings now vacant because of the economic meltdown instead.

Sincerely yours,

Mike Gomez
