

## 4.12 UTILITIES AND SERVICE SYSTEMS

---

### *INTRODUCTION*

*The following sections address water supply and conveyance, energy, sewage collection and treatment, and solid waste collection and disposal services. Information for these sections was collected from the public agencies and private companies providing these services to the City of Glendale. In addition, the Water Supply Evaluation for the Glendale Town Center, prepared by the Glendale Water and Power Department, provides information on domestic water supply. A copy of this evaluation is provided in **Appendix 4.12**.*
